Toll Mining Services (MCA) Pty Ltd
ABN 25 104 122 483

9 April 2013

To Whom It May Concern:

Toll Mining Services provides integrated logistics solutions to the oil and gas, mining, chemicals and coal industries. Toll Mining Services (previously Mitchells Corp) engaged with Avril O Shea and Will Singer from Expense Reduction Analysts to review our Office Products and Print cost categories.

We changed our suppliers following the ERA process and were delighted to realise \$35000 in actual gross savings at the completion of the project. By changing from two suppliers to one enabled further efficiencies in our Company's operations.

We thank Avril and Will for the professional and responsive way that this project was managed exceeding our Company's expectations. I would recommend that any organisation that has a need for reviewing their general expenses to consider using these services.

Yours truly,
